New edition of the specialist forum for energy suppliers after great success in 2023

- **Topics: new laws and adjusted funding framework**
- **Viessmann.live informs energy suppliers and contractors**

Allendorf (Eder), 08/29/2024 – The energy industry will “meet” for the 4th time during the Viessmann Climate Solutions online forum, which will take place on 09/27/2024 from 9 a.m. to 11 a.m. After the record of well over 700 participants in 2023, Norbert Neuhaus (Head of Channel Sales Energy Suppliers/Energy Service Provider Viessmann Deutschland GmbH) and his team are once again looking forward to welcoming many industry participants this year to inform and discuss current topics with the experts. Viessmann Climate Solutions is part of Carrier Global Corporation (NYSE: CARR), the world's leading provider of intelligent climate and energy solutions.

To achieve the goal of a climate-neutral heat supply by 2045, the legislator has set the course for “the next phase of the heat transition” with the GEG 2024, the new Heat Planning Act and an adjusted funding framework. Heat pump solutions and the establishment and expansion of new heating networks are key pillars. Energy supply companies are in a key position in this aspect of heat and climate change! Time for an exchange with industry experts. Speakers at the specialist forum for energy suppliers and contractors include

Michel Nicolai, epilot GmbH

Lothar Stanka, Mainova AG

Marcel Linnemann, items GmbH & Co. KG

Matthias Temborius, empact GmbH Wärmelösungen

Manuel Gerdsmeier, RheinEnergie AG
